LARGEST FACTORY
OF SMALL MUSICAL GOODS IN THE WORLD

ESTABLISHED 1857

1600 WORKMEN
15 BRANCH FACTORIES

HOHNER ACCORDEON

THE HOHNER ACCORDEON FACTORY
like the Hohner Mouth Organ Factory
is the largest in the world.

The Hohner Accordeons are all manufactured throughout in the factory, and not in the homes of the workpeople, as is usually the case. They can therefore be guaranteed to be of uniform quality and finish.

Only the **best materials** are used: thoroughly seasoned wood to stand any climate, and the finest made reeds, clear and resonant as a bell.

Each accordeon is tuned by 6 different workmen, before leaving the factory. Therefore perfect accuracy of tune is warranted.

All the **latest improvements** are embodied in the Hohner Accordeons, which will be found the most reliable in every respect.

PUT QUALITY FIRST! BUY ONLY HOHNER'S!

They are the best made.
